Clayton, MO. 63105

To whom it concern:

I just wanted to let your company know that we are very pleased with your service, we have used several different title company's and have not been satisfied with their service, especially getting title policy's in a timely manor.

I'm please to say that with your company we have seen the difference, and greatly appreciate it, especially since we are short handed a lot of the time, and I personally have to do the follow up work for our company to be sure we have all documents in the loan files.

I just wanted to say thank you for great service...

Sincerely,

*Vicky Doyle*
